

LOCAL BREVITIES.

One John Doe, drunk, paid \$5 fine before the City Recorder yesterday.

The Court House corridors have been materially improved by being carpeted with cocoa matting.

One car of sugar for Tantau & Kellner, and two cars of way freight were in yesterday's inbound train.

The Kalisher trouble is reported to be all settled up. Leroy B. Thoman, attorney for the Chicago creditors leaves this morning for San Diego, Cal.

The sultry weather continues, giving promise of a very wet spell. The clouds appear to exhaust themselves upon the Southern Pacific track, however, and but little rain has reached us.

A number of Phoenix people are awaiting at Maricopa a chance to go East. Maricopa is not a cheerful place at the best, and awaiting the repairing of washed out track soon becomes monotonous.

A petition has been received by the County Superintendent of Schools praying that five quarter sections of land now forming a part of school district No. 5 be detached from that district and added to school district No. 30. The prayer will no doubt be granted.

A late arrival from the Union Mine states that the mill has commenced work upon a fine lot of ore on the dump. A new shaft has been started by Mr. Farish, the lessee, about 200 feet north-west of the old workings. It is opening up a large and rich body of ore.

There was again no mail from the East yesterday. A heavy rainstorm early in the morning washing away the cribbing that had been put under the railway track at Picacho. If there be no more stormy weather the track will soon be repaired sufficiently for the passage of trains.

C. A. Garlick leaves tomorrow by private conveyance for Prescott, where he will meet Mrs. Garlick, who will return with him to take up her residence in Phoenix.

Mayor McGlasson yesterday telegraphed from Denning to Dr. Hughes that he is detained there by breaks on the railroad west of that place, and that he will be home on the first through train.

W. F. Kiplinger, a mining man well-known through Northern Mexico and Southern California, is at the Commercial. He is on his way to pay a visit to his old friend, John Brady, of Upper Tonto Creek.

John F. Blandy, Territorial Geologist, leaves on this morning's train for Prescott, being called home by imperative business. He will, in a few weeks, make an investigation of the coal-fields of Apache county.

Messrs. Dawes, Smith and Balz started yesterday for Antelope ranch, thirty-five miles southwest of Prescott, to count and appraise a number of cattle belonging to the estate of George Marlow, deceased. They will be gone about a week.

C. E. Rothwell, editor of the *Engineering and Mining Journal*, New York, and Mrs. Sophia Braeunlich, business manager of the same paper, who have been visiting Superintendent Bradstreet, of the Phoenix Mine, for several days, have continued their journey westward by way of Prescott.
